Pregnancy,
Children,
Family**

Discrimination

OUR TEAM OF COUNSELLORS

We are counsellors who work full-time or as volunteers in various regional Aids Service Organisations.

We are people of different sexual identities (trans*, cis, homo-, hetero- and bisexual) and know about different ways of life.

Some of us are HIV-negative, some are HIV-positive.

We have profound knowledge of HIV and other sexually transmitted infections.

We regularly participate in further training and therefore always give the most up-to-date advice.

We attach great importance to anonymity and data protection.

We offer counselling in German, English and French.
